1ST & CH GRAYS, STONEMARR KING-OF-LEON.

Superb dense short coat of lovely colour & texture to this 13 month old lad,
solid blue to roots.

Good rounding to head, a touch pinched in the muzzle at present, acceptable
bite with untidy teeth, firm chin. Fairly neat well set ears.

Round golden eyes a fraction deep set. Good tail to balance.

GRAY'S, STONEMARR KING-OF-LEON 31/10/08

Just over a year old and he is maturing well with a deep weighty body
standing on short sturdy legs with large round paws. Good tail for length,
thick at the base with a rounded tip. Broad head, with cheeks filling out, is
just tapering to a slightly square muzzle. Ears are a fraction large for
balance as yet. Good profile to broad nose, acceptable bite and firm chin.

Lovely dense crisp coat which is short and of sound medium blue.

Sweet temperament.
